TYPOPHILE

This set includes 163 text and historical typefaces, meticulously digitalized and faithful to the original. The selection traces the European typographical tradition from the 17th century until the present times. Significant Czech typefaces are also represented. A reasonable choice of every lover of classic typography.

DESIGNER

These 122 original typefaces will prove to be useful not only in every creative studio, but also in every editorial office of an illustrated magazine, just as in every advertisement agency. The only common feature of this collection is variety and originality – the quality which will give an exclusive appearance to your job orders.

CZECH TYPE LIBRARY

A tribute to outstanding Czech type designers of the 20th century. Contains 56 exclusive originals for both text and display use. The selection can be also regarded as a "light" version of Typophile.

EDITOR

The basic 12-font set for work in text editors, containing, in addition, several distinctive display typefaces. Especially suitable for small publishing houses.

REDAKTOR

This 12-font type set will freshen up captions in newspapers and magazines and can be also used for short texts as are, for example, brochures, catalogues, invitation cards...

FAJNŠMEKR

12-font set. The minimum for advertisements and posters. In addition, it contains four designs of the celebrated Jannon which can be used for setting whole books.
